

# VINODANEE SAUMYA

## ABOUT ME

I am an ambitious undergraduate studying Information Technology. Throughout my academic journey, I have encountered numerous challenges that have served as valuable learning opportunities. These challenges have driven me to constantly seek knowledge and enhance my skills in various aspects of web development and Programming. As a result of my determination and continuous learning, I have achieved a commendable level of proficiency in both front-end and back-end web development. I have gained hands-on experience in designing user-friendly interfaces, implementing responsive web designs, and developing robust functionalities. Additionally, I have a solid understanding of programming languages such as HTML, CSS, JavaScript, and back-end technologies like Python or Java.
